

110T SHADE LAMP

CUSTOMER REPLACEMENT PARTS

The 110T Lamp is completely weather proof and intended for use out of doors. *However, it should not be placed within five (5) feet of a swimming pool.* Maximum 60 Watt Tuffskin bulbs are recommended for use around a swimming pool, so that if they are broken the glass will remain inside the vinyl coating.

The shade can be cleaned by spraying it lightly with a mixture of bleach and water and then rinsing it with clear water. The lamp is best maintained by wiping it frequently with a soft cleanser (Soft Scrub) followed by a light coating of furniture polish (Pledge)

IMPORTANT SAFETY INSTRUCTIONS
